

MICROSOFT OFFICE 365

Microsoft Office 365 is provided to OCS students at no charge. Office 365 provides students with online productivity apps such as Word, Excel and PowerPoint. Students also use Office 365 to access school email via the Outlook web app.

Students can access Microsoft's secure online portal here: <https://www.office.com>. Students should use their OCS email address (and password) to access the portal. A link to this portal is also available on the Resource Board within AXIS.
